FREDERICK, MD., Nov. 19, 2012 /PRWEB/ [CommPutercations, Inc.](#) (CPI) announced it has been named to the Ingram Micro SMB 500. Unveiled at the Ingram Micro 2012 "Turn the Tables" Fall SMB Invitational in Rancho Mirage, Calif., the inaugural list celebrates the top 500 fastest-growing Ingram Micro U.S. channel partners focused on small and midsize businesses (SMBs). Ranked at number 454, **CommPutercations Inc.** grew its business with Ingram Micro by 64 percent between June 2009 and June 2012.

The 2012 Ingram Micro SMB 500 list was derived from the more than 20,000 U.S. solution providers and MSPs who work with Ingram Micro's U.S. SMB Business Unit. Those channel partners named to the list demonstrated a consistent, average three-year growth rate of more than 200 percent. The list also takes into account select criteria such as company size, overall technology category revenue growth and innovation with SMB business engagements. "We love working with small and midsize businesses. They are agile and great at what they do. The recent recession proved that. When so many businesses were in trouble, our clients, for the most part, did just fine, and many came out of the recession stronger than before," says Jim Bittle, president and founder of CommPutercations, Inc.. "It is our privilege to take care of technology for our clients so they can focus on their business, which is what they do best."

"Technology plays a critical role in the overall growth, operational scale and continued sustainability of SMBs across the U.S.," says Kirk Robinson, vice president and general manager, Commercial Markets Division, Ingram Micro U.S. "As one of this year's top-ranked SMB channel partners, CPI has demonstrated its business strength and sent a clear message that serving the technology business needs of SMBs is a top priority. We congratulate CPI on this accolade and look forward to enabling their continued success in 2012 and beyond."
